A progress report on philanthropy of the UC Santa Cruz Foundation, 2008–09

A message from the President

For over 140 years, the University of California has given more than one million Californians the opportunity to contribute to the wealth and quality of life in our Golden State. Current financial hurdles facing the state of California challenge the UC system to provide affordable access to this internationally recognized standard of public higher education. Reductions in state support over the past decade—especially severe in recent years—have put the long-term beneficial relationship between UC and the people of California at risk.

Private philanthropy has nurtured opportunity at UC Santa Cruz from the start, and this year has been no different. The outpouring of support from alumni, parents, staff and faculty, and our community friends has strengthened this uncommon place. Together we are building a new state-of-the-art library, uncovering the secrets of the universe and the human genome, creating new methods for communicating important ideas, and making a college education a reality for an increasing number of talented students with financial need.

Your support has allowed UCSC to provide the same opportunities for today’s students that I experienced as an undergraduate. Your generosity allows UCSC to accomplish its mission of academic excellence.

Thank you again for your support of UC Santa Cruz.

Gary D. Novack, Ph.D.
President, UC Santa Cruz Foundation

Between July 1, 2008, and June 30, 2009, more than 14,000 alumni, parents, staff and faculty, individuals and organizations supported UC Santa Cruz with gifts totaling $30.5 million. This Honor Roll of Donors acknowledges those contributors.

PHILANTHROPY TRANSFORMING STUDENT LIVES

Private support for students more than doubled from the previous year to over $2 million. Funds primarily provide undergraduate scholarships and graduate fellowships, transforming the lives of students who might not otherwise be able to attend the university.

In only its second year, the Parents Fund raised more than $180,000 as families channeled their support toward student activities, scholarships, and other aspects of the student experience. In addition, parents made targeted gifts to support the purchase of specialized equipment for the Film and Digital Media program and to create a fellowship in interdisciplinary environmental research.

“In these difficult economic times, the success of our fundraising effort is extraordinary,” said Chancellor George R. Blumenthal. “It reflects the wide-ranging support UC Santa Cruz enjoys and the willingness of a growing number of private donors to help the campus in an era of eroding public funding for the university. We depend on their support to bridge the gap and create opportunity.”
